

Cokeville Elementary Newsletter

December 2021

The chill of winter is finally starting to set in to Cokeville. I can't believe we are approaching Christmas, New Years, and the end of the first semester. Our staff is continually excited for the opportunity to work with your student(s). Amongst the business of the holiday season, thank you for the time you spend working with your child to ensure they are reading at home, completing homework, and are spending the time needed to study. At Cokeville Elementary, we are excited about the growth your child is experiencing.

Here are a few reminders as we continue into the school year:

1. Thank you for ensuring your child is dressed for the winter weather. Gloves, hats, coats, boots, and other winter apparel make recess and other outdoor times more fun and exciting. If you need help with supplying any of these items for your child, please feel free to contact the school as we may be able to connect you with a resource to help.
2. As various illnesses come in and out of our town, thank you for keeping your children at home when they are sick. This prevents the spread of illness. Providing a doctor's note will allow us to record absences as doctors excused absences.
3. As you know, as part of the districts continued focus on school safety, Cokeville Schools have implemented Raptor. When visitors come to the school and want to go past the office into the school during hours school is in session, they will need to bring a drivers license to scan into the Raptor System. Visitors will then get a badge to wear while in the school. Thank you for your continued support.

We look forward to continuing to partner with you on your child's education. As we approach Christmas Break, we wish you a restful holiday filled with memories you will be able to look back on for years to come. As always, please feel free to contact Cokeville Elementary School with any questions / concerns / ideas.

Sincerely,

Kenneth Dietz
Cokeville K-12 Principal
