Principal's Message

Hi,

I hope this letter finds you and your family well. I hope you received our Infinite Campus notification about your child's academic success. We knew our students had significantly grown last year and previously celebrated this success with your child and teacher at the beginning of the year. We didn't, however, realize that Cokeville Elementary School was the fastest academically growing school as measured by WYTOPP in the entire state of Wyoming!! Congratulations Cokeville students, teachers, and parents!!! Please take a minute and thank your child for their hard work and dedication in growing in all areas.

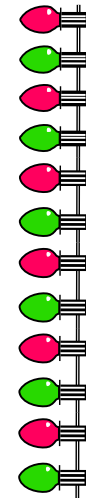

As you were aware author Gary Hogg came and spent the day with Cokeville Elementary students. It was fun to have a published author working with your students. We were also excited to be able to host a parent night to create an opportunity for you to spend time with Mr. Hogg and your child focused on literacy. We had a great attendance, thank you to those of you who were able to attend. As Mr. Hogg reminded us, thank you for taking time to celebrate your students as authors.

As always, thank you for reminding your child to read at home and work on their math facts. You make a huge difference related to encouraging your child to grow as readers and mathematicians. These are foundational principles for your child's growth and learning. I hope you have a wonderful holiday season.

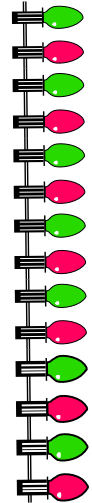

Sincerely,

Kenneth Dietz
Cokeville K-12 Principal

Christmas Play Costumes

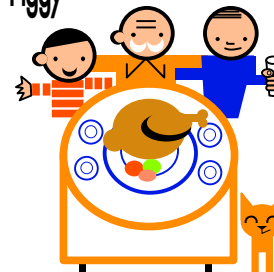

"T'was one crazy night before Christmas" is the title of our play this year. 1st grade - 5th grade will need to be dressed in Christmas Eve clothes. Something comfortable such as pajamas or sweats will work.

HAPPY THANKSGIVING!

Never eat more than you can lift.

-- Miss Piggy

Upcoming events
