October 2024

Principal Message

It is hard to believe it is October already. Thank you for your work in helping support your student's academic success so far this year. We really appreciate your focus on ensuring students stay caught up with their reading, math facts, and projects for classes. Thank you for also helping your students see how literacy is an important part of your life as this can impact your child's perspective on literacy. This can sometimes help students to have similar feelings. As part of our work to promote literacy, we are excited to have two visiting authors in October Gary Hogg October 9th and Tyler Whiteside October 24th. Please watch for additional information about their offerings to students so you can visit with your child about them.

Thank you for watching the weather as things change and fluctuate significantly from day to day and ensuring your child is ready with the necessary gear each day. As you know, winter provides some fun opportunities for students to experience, but can also be challenging if students aren't equipped. If you are unable to get the necessary winter gear for your child, please let us know, as there may be some things we can do to support you.

We will be hosting our annual Halloween Carnival on Thursday, October 24th starting at 6:00 at Cokeville High School. Please watch for additional information and assignments to help. We are looking forward to a fun evening again this year. Our PTO has already put a lot of work into the carnival, but it takes everyone pulling together to create these types of events for our students to participate in. Thank you in advance for your support.

You are always welcome to reach out to your teachers, but I want to ensure you have on your calendar that the week of November 11th is parent teacher conferences for both CHS and CES. We welcome the opportunity to visit with you about your child's progress and supports that we have available to help your child reach his/her full potential.

Thank you again for all you are doing to help support your student.

Sincerely,

Kenneth Dietz
Cokeville K-12 Principal

Highlights on other side

OCTOBER is National Dental Hygiene Month.

Halloween and fall celebrations can mean candy in abundance! Sweets and treats can be a lot of fun on special days, but having good dental hygiene is important. Here are some

tips to keep those pearly whites strong & those gums healthy!

1. Brush 2x/day, replace your toothbrush every 3 months.
2. Switch to a soft-bristled toothbrush.
3. Floss once a day, it's best to floss before bedtime to remove any food particles.
4. Get regular cleanings, every 6 months.
5. Eat a tooth-healthy diet with lots of veggies and foods that are rich in calcium to support healthy teeth & bones.
6. Delay brushing for 30-60 min after eating acidic foods like citrus fruits or tomatoes.
7. Avoid sticky, starchy, sugary foods.
8. Skip the juice and soda, go for water or milk instead.

Looking Forward To

- 10/9 Gary Hogg Author visit
- 10/9 Gary Hogg Family night 6:30
- 10/14-19 6th to Yellowstone
- 10/24 Tyler Whitesides Author visit
