10/8 CES & CHS Reunification

10/22 AR points due

Principal's Corner

Welcome back to another great year at Cokeville Elementary! We hope everyone had a wonderful summer filled with time to relax, have fun, and make memories with family and friends. We are excited to have our students back in the building and look forward to a successful school year. We appreciate the support of our families and are excited to continue working together to help every student learn, grow, and achieve.

Safety First – Crossing Guards

As we begin the school year, please remind your children of the importance of following the directions of our crossing guards before and after school. Our crossing guards are there to help students safely cross the street, and students should always wait for their signal before crossing. Thank you for helping us reinforce these important safety expectations.

Communication Is Key

Strong communication between home and school makes a tremendous difference for students. We encourage parents to maintain regular communication with their child's teacher throughout the year. If you have a question or concern, please reach out early so we can work together. Likewise, our teachers will communicate with you about your child's progress, successes, and areas where additional support may be helpful. We are all part of the same team with the same goal—helping your child succeed!

Reading & Math Facts at Home

Two of the most valuable things families can do at home are encourage daily reading and help students develop strong math-fact fluency. Please set aside time for your child to read regularly and talk with them about what they are reading. Students should also spend a few minutes each day practicing their addition, subtraction, multiplication, or division facts as appropriate for their grade level. A small amount of consistent practice can make a significant difference throughout the school year.

AR Parties.

We are excited to continue our Accelerated Reader (AR) parties this year! Students who meet their individual AR goals will have the opportunity to participate in special celebrations throughout the year. These parties are a fun way to recognize students for setting goals, reading consistently, and working hard. Encourage your child to get started early, keep reading, and work toward meeting their AR goal. We look forward to celebrating their success! Mrs. Thrash works hard to make sure these parties are fun and exciting. Thank you for your continued support of Cokeville Elementary. We are excited about the year ahead and appreciate the opportunity to work with your children. By working together as a TEAM—Together Everyone Achieves More—we can make this a fantastic year for our students!

Let's have a great year!
